

Waiting

Chris Isaak

Here I stand and I'm waiting, here I stand and I'm waiting
Here I stand and I'm waiting down, where I used to meet you down
Where the world was our toy
Here I stand and I'm wondering why, did you ever leave me, why?
Break the heart of that boy Here I stand with my heart in my hands and I offer love to you
Here I stand with my world gone wrong and I wonder what to do Here I stand and I'm waiting
Here I stand and I'm waiting Here I stand with my heart in my hands and I offer love to you
Here I stand with my world gone wrong and I wonder what to do
What to do Here I stand and I'm waiting
Here I stand and I'm waiting Oh how I've missed you, I wanted to kiss you
I dreamt that I held you and I lost you again
Lost you again
(Here I stand and I'm waiting)
And I lost you again
(Here I stand and I'm waiting)
And I lost you again
(Waiting)
