

She Will Love

Estelle

Every man needs a woman in his life
Every man needs a lady by his side
Someone to support him through the tough times, through the fight
Someone who can lift him up when he falls When you're hurt, she will care
And when you cry, she'll be there
Through the rain, she'll lend you the sun
When all else fails, you can count on her (say you can count on her) Cause she will love (she will love, she will love)
She will love (she will love, she will love)
She will love (she will love, she will love)
Oh she will love, oh she will love (she will love, she will love) She will love, she will love, she will love, She will love
Every man needs someone who understands
Precious as life and the struggles of a man
Rich or for poor, I'll be there 'till the end
'Till death do us part or when God calls When you're hurt, I will care
And when you cry, I'll be there
Through the rain, I'll lend you the sun
When all else fails, you can count on me Cause I will love (I will love, I will love)
I will love (I will love, I will love)
I will love (I will love, I will love)
Oh I will love, oh I will love (I will love, I will love) She will love, she will love, she will love, She will love [x2]
