

Don't Leave Me Now

[Elvis Presley](#)

Ah, don't leave me now
Now that I need you
How blue and lonely I'd be
If you should say that we're through? Oh, don't, no, break my heart
This heart that loves you
There'd just be nothing for me
If you should leave me now What good is dreamin'
If I must dream all alone - by myself?
Without you, Darling
My arms would just gather dust
Like a book on a shelf Come to these arms
These arms that need you
Don't close your eyes to my pleas
And don't leave me now
Don't close your eyes to my pleas
Oh, don't you leave me now
