Girls Around The World

Massari

Girls around the world, the world, the world, the world
Oh ay, ay, ay, ay, ay
Girls around the world, the world, the world, the world
Oh, oh, oh
The shorty`s lookin girl
Girl bodies so let trackin me lookin on me pappy, stickin lucky, cashin body
And she moans she`s got a feelin soon doubt, doubt, doubt
She`s the runner girl
That I make play our porn after porn night
She`s the runner girl
Don`t want me take other dreams somebody, body, body, body
Girls around the world, the world, the world
If ya pend mignon money say ay, ay, ay
Girls around the world, the world, the world
If ya lookin plague now you gotta take over, over, over (x2)
That you comin lean soon
See under worry bows
Play you got a paparazzi
Take you stickin star`s stoppin
And there she rocks the moon
She cuttin comes soon doubt, doubt, doubt

She`s the runner girl
You gave time have I ever you light
But she`s the runner girl
Don`t let her plague move she over me got, got, got, got
Girls around the world, the world, the world
If ya pendin mignon money say ay, ay, ay
Girls around the world, the world, the world
If ya lookin plague now you gotta take over, over, over (x2)
Girls around the world ohhh woahh
I`m not too the pop
I`m not too the vibe
And none mined girls
You know you lookin and fly
You now around the world
And girls around the world
You know you doing the thangs
Girls around the world, the world, the world

If ya pendin mignon money say ay, ay, ay
Girls around the world, the world, the world
If ya lookin plague now you gotta take over, over, over (x2)
Girls around the world
