

# I Think a Lot About You

Margo Guryan

I THINK A LOT ABOUT YOU Words & Music by Margo Guryan Somewhere it is sunny

And people may be happy  
And somewhere there are people  
Making money by the week  
But I can't think about that

All I can think about is you You walked into my life  
Smiling on a cold and windy day  
If I hadn't been careful

You would've stole my heart away But I think once  
And I think twice  
About everything I do  
And what I do

I think a lot about you Somewhere it is raining  
And people are unhappy  
And people are complaining  
That the world has gone to pot  
But I don't worry a lot

I think a lot about you You walked into my life  
Looking like a lion to be tamed  
If I hadn't controlled me

You know I might have been ashamed  
(In the morning) But I think once  
And I think twice  
About everything I do  
And what I do

I think a lot about you © 1972 (renewed) DARTMOOR MUSIC
