On the Train

Basement Jaxx

City got the best of me
Collar's so tight
Seems there's no air to breathe
Mamma gave me dancing legs
Oh, Mamma, my, Mamma don't crySure I got short changed
Time I got my aim right, fuck cocaine
Check out the bone zone, I ain't staying
I know you feel the same
You're not aloneSo I'll be straight with you on the train
They'll never believe it
Now we're on our way
I ain't going back again
I need it like a hole in my vein
A hole in my veinStraight with you on the train
They'll never believe it
Now we're on our way
I ain't going back again
Just like a hole in my vein
A hole in my veinGod, He been testing me
Heat beating down
I just need a cool breeze
Papa gave me heart and soul
Oh, Papa, I, Papa, I triedHere no one gives a damn
Time I got my swerve on
I'm a reborn man
I don't belong here, I ain't staying
I know you feel the same
You're not aloneSo I'll be straight with you on the train
They'll never believe it
Now we're on our way
I ain't going back again
I need it like a hole in my vein
A hole in my veinStraight with you on the train
They'll never believe it
Now we're on our way
I ain't going back again
Just like a hole in my vein
A hole in my veinI don't belong here, got nothing to prove
I'm on the train now, I'm making my move

I don't belong here, got nothing to prove
I'm on the train nowThere goes the phone again
There goes the phone again
There goes the phone againGet me on the train
Baby, won't you get me on the train?
Get me on the train
I gotta get out
Gotta get out, gotta get out of hereI'm on the train now
I'm on the train now
Money pay the bills
Stick around, die young
