## **Hello Hello**

## **Missy Higgins**

I would've gone with you tonight

If you'd've asked me

And I would'nt've left your side

But you marched into the rain

Stubborn as a child

While right here i stayedHello, hello

Is anybody there?

Your disappearing act is getting harder to bear

Hello, hello

Oh, when you gonna see?

You have to take me with you if you don't want to lose meYou know I'd fight

Dagger in hand

Beside you if only

I knew what you're battling

But you crawled out of the dark

Into my sunshine

And I don't dare askHello, hello

Is anybody there?

Your disappearing act is getting harder to bear

Hello, hello

Oh, when you gonna see?

You have to take me with you if you don't want to lose me'Cause I wanna follow

Just let me follow

I promise I don't scare, don't scare easy

I am a child Heaven's seenHello, hello

Is anybody there?

Your disappearing act is getting harder to bear

Hello, hello

Oh, when you gonna see?

You have to take me with you if you don't want to lose meHello, hello

Hello, helloIs anybody there?
