

Rolling Stone

ScHoolboy Q

[Verse 1: Ab-Soul]

Drugs and girls

Show me some love, my love

Last time I checked, you loved my love

Place nothing above my love

If you leave come back, like above your butt

No ifs ands or buts

You're sufficient, but I still wanna fill you up

Just when you thought enough was enough

I'm a kid in a museum and I just wanna touch every part of your body

Tie you up and get...[Verse 2: Kendrick Lamar]

Naughty, hold me up in this party

Hiii power, money showers

All the ladies wanna kick it with Mr. Miyagi

Pull up, pull up, bring it back, come rewind

I wanna touch up and down your spine

A perfect 10 living on cloud 9[Hook]

I like to drink all the time

Fuck all the time

Anything that can get me outta my mind

I'm a rolling stone that needs another home especially

(When loves runs high)[Verse 3: ScHoolboy Q]

Uh, faded off life

See the dopeman, tryna get right

Open up a bud light

Don julio, coronas, comas

Bad bitches, bad bitches, call up bad bitches

Bring your friend to be a witness (When loves runs high)

Whatever that mean

Need a shot, you the vaccine

You pumpin through my veins ima crack fiend

You're the crack

Drive your ass all night

Meet the chauffeur[Bridge: Jay Rock]

Bend you over in a rover, its over

Never sober my cup runneth over

Better know girl, you fuckin with a soldier[Hook][Verse 4: Jay Rock]

Blunts and broads

Drinkin on liquor thats hard, oh my god

Baby tryna grab my draws
They call me dozer, I knock down walls
Jose, yeah thats my homie
Hear how ya call earl in the hallway
I gotta come down just to party
I'm turnt up, maxed out
Willie Manchester, blow your back out
Baby girl my advice, better back out
Got that dope stick, im the crack house[Outro: Ab-Soul]
Listen ma, I got a role you can act out
And then like prince pant's get your ass out
I don't need a princess, I need a mistress
Whose stickin dick in a damsel in distress[Hook]
