Sweet Emotion

Amii Stewart

Talk about things nobody cares
Wearing other things that nobody wears
Calling my name, but I gotta make it clear
Can't say where I'm gonna be in a year
Some sweet talking mama with a face like a gent
Said we'll get up and go must of got up and went
Well I got good news she's a real good liar
Cause backstage lover set your pants on fire

Sweet emotion, sweet emotion
Pulled into town in a police car
Daddy said I took you just a little too far
Well I got good news your girlfriend lied
But you can't catch me cause the rabbit done died yes he did

Now you're standing in front just shaking your ass
Take you back stage you can drink from my glass
Let's talk about something you can sure understand
A month on the road and I'll be eating from your mother loving hand
Sweet emotion, sweet emotion, sweet emotion
