Rockinghorse

Operator Please

I wonder what would happen if I fell
Would you pick me up and be my wishing well?
If I shared my secrets, would you promise not to tell?
I wonder what would happen if I fell
I wonder what would happen if I smiled
Would you be the mystery in my eyes?
I'll consent to marry you if you never lie
And I wonder what would happen if I smiled
Looking for a sign in the eyes of love
Waiting for an answer from the stars above
Would you be my story when there's nothing left to tell?
I wonder what would happen if I fell
Would you be the rockinghorse I ride
If I showed no fear and held you like a child?
Running through the darkness till there's morning in the sky
Would you be the rockinghorse I ride?
Baby ride, oh ride, you can be my rockinghorse
So giddy up, I say ride, ride, ride, ride, I say ride, ride
