Shorty

The Wannadies

oh god how fun to be the one
I'm so sad to say
you're nice and all, but you're to tall
I have to go now
it always happens to me - always
they feel attracted to me - shorty
always, they say
if you go - I go with you
if you stay - I'll wait
if you don't know - I consider this a date
I stayed and she waited for me
no chance to get away
I tried to think, another drink might help me
it always happens to me - always
they feel attracted to me - shorty
always, they say
if you go - I go with you
if you stay - I'll wait
if you don't know - I consider this a date
stuck in the bar, I couldn't get far
she was still there - smiling
"It's not me being tall, it's you - you're small"
"I like that"
it always happens to me - always
they feel attracted to me - shorty
always, they say
if you go - I go with you
if you stay - I'll wait
if you don't know - I consider this a date
