

If It's the Last Night

Toto

I don't know if you'll understand
But I'm hopin' that you'll follow me down to the waterway
I'll be there if you change your mind
Listening to the ticking of the hands on a clock, working overtime
If it's the last night, it oughta be left for
lovin', girl
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl, oh
Now you're here standing next to me
I've seen your face on every girl that I've held since you went away
It's getting late and I have to know
I'm mending the wings of a heart that was broken, not so long ago
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl
If it's the last night, it oughta be left for lovin', girl, oh
