

# If It's the Last Night

[Toto](#)

I don't know if you'll understand  
But I'm hopin' that you'll follow me down to the waterway  
I'll be there if you change your mind  
Listening to the ticking of the hands on a clock, working overtime  
If it's the last night, it oughta be left for  
lovin', girl  
If it's the last night, it oughta be left for lovin', girl  
If it's the last night, it oughta be left for lovin', girl, oh  
Now you're here standing next to me  
I've seen your face on every girl that I've held since you went away  
It's getting late and I have to know  
I'm mending the wings of a heart that was broken, not so long ago  
If it's the last night, it oughta be left for lovin', girl  
If it's the last night, it oughta be left for lovin', girl  
If it's the last night, it oughta be left for lovin', girl, oh
