When I'm On Pills (Studio 1290 Acoustic)

[Anthony Green](#)

Just when I thought maybe I've done something right,
She goes and falls apart.
All the low moments make life seem unbearable at times.
Its the highs that keep us alive.
I love you,
Oh I love you...When I'm on pills, when I'm on pills.
I love you, I love you
When I'm on pills.There are days we go from love to war too fast, you know...
And I know it's not your fault.
There's an ancient curse inside my blood that tricks my brain to say this
It tells me all the biggest fraud
I love you,
I try to...When I'm on pills, when I'm on pills
I love you, I love you,
When I'm on pillsHow much is enough of it?
How much is too much of it?
Oh, I don't wanna end up dead.
How much is too much of it?
I love you, I'll die trying to...When I'm on pills, when I'm on pills,
When I'm on pills, when I'm on pills.
I love you, I love you.
When I'm on pills, on pills...
