

Shave It

Meat Puppets

I, drawin' on the sunshine, I
I, an X-ray of a dream, I
And a boat that's hauling water
Up the river made of sand I, drawin' every mountain, I
I, postcard in my hand, I
And a boat that's hauling water
Up the river made of sand Moved the picture from the wall to the shelf
And the picture said "I'm not myself"
Swearin' at the rain as it fell
And the rain said back "I'm not myself" I, crawl into the desert, I
I, monkey on my back, I
And a boat that's hauling water
Up the river made of sand Moved the picture from the wall to the shelf
And the picture said "I'm not myself"
Swearin' at the rain as it fell
And the rain said back "I'm not myself" Moved the picture from the wall to the shelf
And the picture said "I'm not myself"
Swearin' at the rain as it fell
And the rain said back, "I'm not myself" Moved the picture from the wall to the shelf
And the picture said, "I'm not myself"
Swearin' at the rain as it fell
And the rain said back, "I'm not myself"
