

Sooner Or Later

Jimmy Cliff

It's getting to the point
Where I can't hang around no more

It's getting to the point
Really have to open up the door
Times are changing
You better use your sense
Use what you've got

From coincidence, hear me now
Sooner or later you're gonna have to stand up tall
Sooner or later when your backs against that wall
Sooner or later you'll have to be the one you are

And you just might find that you're out of time and it's just too late
Oh, hear me now, hear me now, hear me now
now
Heavy burden gets you down
And pressure is all around
Sit around and hesitate
Say you're waiting for a lucky break
Life's for living
Better use your sense
Use what you've got

From coincidence, hear me now
Sooner or later you're gonna have to stand up tall
Sooner or later when your backs against that wall
Sooner or later you'll have to be the one you are

Or you just might find that you're out of time and it's just too late
Oh, hear me now, hear me, oh, hear me
Heavy burden gets you down
Pressure is all around
You sit around and hesitate
Say you're waiting for the lucky break
Life's for living
Better use your sense
Use what you've got

From coincidence, oh, hear me now
Sooner or later you're gonna have to stand up tall
Sooner or later when your backs against that wall
Sooner or later you'll have to be the one you are

Or you just might find that you're out of time and it's just too late
Oh, hear me now, baby
