My Love For You

Jeremy Riddle

This is how I love you
I obey your commmands
To love truth and love justice
And my fellow manTo steady to weak
And the hungry to feed
That Christ might be honored
And with me be pleasedFor this is the love
The love You have shown
And to love I must echo
The love I have known
So I will be faithful
To love as required
A love shown by obedience
Lord I'll be obedientThis is how I love You
Giving as I've received
The blessings You've lavished
To others in needTo care for the poor
To free the oppressed
To stand for the orphan
And the widow to blessIf I have not love
Then I truly have
Nothing at allHere now is love
The love You have shown
And to love I must echo
The love I have known
So I will be faithful
To love as required
A love shown by obedience
Lord I'll be obedient
