

In Waves (Live From Chapman Studios)

Trivium

In wavesIn wavesIn wavesDo I end this all for the world to see.
(In waves in waves)Do I take everybody else down. (everybody else down)
Everybody else down with me.In wavesIn wavesIn wavesIn wavesDo I end this all for the world to see.
(In waves in waves)Do I take everybody else down. (everybody else down)
Everybody else down with me.I know that death approaches fast.
(In waves in waves)Whats the purpose if this life wont last?
Pulling everyone down with me.Perpetually!
Perpetually were igniting in waves.
Incessantly!
Incessantly were sinking in flames.Perpetually!
Perpetually were igniting in waves.
Incessantly!
Incessantly were sinking in flames.In wavesIn wavesIn wavesIn wavesDo I end this all for the world to see.Do I
take everybody else down.
Everybody else down with me.I know that death approaches fast.Wats the purpose if this life wont last?
Pulling everyone down with me.Do I end this all for the world to see.
(In waves in waves)Do I take everybody else down. (everybody else down)
Everybody else down with me.I know that death approaches fast.
(In waves in waves)Whats the purpose if this life wont last?
Pulling everyone down with me.Pulling everyone down with me
In waves
Pulling everyone down with me
