

In Love With The 80's (pink Tux To The Prom)

Relient K

So it was Jeremy in 1983
In his Ocean Pacific tee
Who got a bloody knee
On his skateboard in the half pipe
In the backyard that Tuesday night
And I'm only gonna pierce my left ear
And I've been working on this mustache all summer long
And my favorite band will always be tears for fears
And I'm gonna wear a pink tux to the prom
Cuttin' class through the first floor window
He's drivin' fast 'cause he never did a thing slow
And I look up to my big bro
'Cause in the eighties all the ladies grabbed his hands
And couldn't let go
And I'm only gonna pierce my left ear
And I've been working on this mustache all summer long
And my favorite band will always be tears for fears
And I'm gonna to wear a pink tux to the prom
A pink tux to the prom
Do, do, do-do, do
A pink tux to the prom
Do, do, do-do, do
A pink tux to the prom
I am gonna wear, a pink tux to the prom
Live without a care, what can possibly go wrong
When you're the president of the breakfast club
And you're not hesitant to fall in love
To fall in love, to throw it away
To fall in love with the eighties
I am gonna wear a pink tux to the prom
Live without a care, what can possibly go wrong
I am gonna wear a pink tux to the prom
Live without a care, 'cause you threw it away
To fall in love with the eighties
Do, do, do-do, do
Do, do, do-do, do
Do, do, do-do, do
