Sunshine

Trapdoor Social

I see your silhouette tonight
Everywhere I turn
I know that I am haunted
But hold on to the curseJumping through the screen tonight
To take you in my hands
It's everything I wanted
But nothing I can standI can't go back
Because I've seen the way the sun can fall downYou got to fill it up with sunshine
You got to make up your mind
And get on with your lifeI see you in the crowd tonight
Blood pools in my head
I should feel much closer now
But the distance grows insteadYour words are like a symphony
Reaching for my soul
A melody that
Turns and soars
And always leaves me coldI can't go back
Because I've seen a glimpse of what the world could be
