

Presidente

In Trance 95

I saw her quite a lot of times
Speaking on the telephone
Being sensual almost gone
Sucking by the telephone I guess she's the president
Well done kid in politics
Too much brain for tragedies
Overnight qualities I know I saw her quite a lot of times
Speaking on the telephone
Being sensual almost gone
Sucking by the telephone I guess she's the president
Well done kid in politics
Too much brain for tragedies
Overnight qualities I know You have died from long ago
And you have lied for more and more
Quite enough your hide and seek
Your propaganda makes me sick I know
