

Broken Things

David Byrne

There are broken things
In my houseSome are twisted
 Some are cracked
 Some been bended
Till they snappedThere are broken
 Things in here
 Things in pieces
 Things in knots
 Things that crumble
In tiny partsI am fixing broken things
 I am fixing broken things
 Everyone could use some help
Will you help me fix myself?I am fixing broken things
 Things are mended
 Things are glued
 I have done
Best I can doI am fixing broken things
 Everyone could use some help
Will you help me fix myself?See how easy - things can break?
 If it's crooked,
 Make it straight
 Do you love me?
 I can't tell
 Pick up pieces
& make me wellIn this house of broken things
 Everyone could use some help
Will you help me fix myself?I am fixing broken things
 Everybody celebrate
 Now I got my business straight
