

One Flight Down

[Norah Jones](#)

One flight down
There's a song on love
And your mind just picked up on the sound
Now you know that you're wrong Because it drifts like smoke
And it's been there playing all along
Now you know
Now you know The reeds and brass have been weaving
Leading into a single note In this place
Where your arms unfold
Here at last you see your ancient face
Now you know
Now you know The cadence rolls in broken
Plays it over and then goes One flight down
There's a song on love
And it's been there playing all along
Now you know
Now you know
