

Eyes

Peter Bjorn and John

I don't wanna make you interested
I just wanna make you the only one
I don't wanna ask myself forever
Why I didn't put myself together
As soon as you appeared into my eyes I don't wanna lose this
 (Don't wanna wait)
 Quicker than a kiss
 (Not a second too late)
 Wrap it like it mattered
 (Look what you did)
Being just one step from being well I don't have any vocabulary
 But I hear myself, please go away
 Acting like six or seven
 But I'm really close to heaven
I don't need to look further than your eyes I don't wanna lose this
 (Don't wanna wait)
 Quicker than a kiss
 (Not a second too late)
 Wrap it like it mattered
 (Look what you did)
Being just one step from being well
