I Loved You

Will Smith

I thought you was the one hon' yeah when I met you at the freak nit
Whoever thought you'd be the type to creep and keep secrets
My friends said don't sleep but I did so now I'm reapin'
The seeds that I sowed I can't believe you so deceivin'
Sneakin' out on the weekends with Michelle
One of your freak friends from the east end and she bad as Hell
Half black and Indonesian the one that taught you treason
Cupid shot me on my heart but damn why'd you leave it bleedin'
I gave you no reason to lie
But you choose to live untrue
Knowin' how I feel inside
There's no tellin' what I might do
'Cause I gave you
All my mind all my soul from the very start
I gave you full control and you broke my heart
I tried to show you a better way of life
But I see that must be what you like
I loved you more than anything
I tried to build the future turn a house into a home
I wanted us to be one flesh and one bone
It's so hard to keep my sanity
Now all I can do is sit back to reminisce
Look at the pictures in the frames
Yo why you play d games yo
Damn, it's all good kid, uh
As I think back to the beginnin' we was together
We both loved sports long walks in autumn weather
Both wanted kids and a family a strong personality
I liked the way you handled me
Candles be lit mood set food set you ready yet
That's what you said while you was massagin' my 'ead
And look here I could never leave you lonely
'Cause the love you showed me
Had me feelin' like you already had known me
'Member when you used to blindfold me till I don't see
Use your mind that's what you told me kissin' me slowly
Never was the loud type always on the low key
Pretty style but rugged and damn I brother I loved the
The birds of a feather 'sposed to fly together

Guess that don't apply to birds of your kind
'Cause you only want it but you wanted like a vulture, yeah
Came to steal my heart and then leave me to die
I ain't going out like that though
All my mind all my soul from the very start
I gave you full control and you broke my heart
I tried to show you a better way of life
But I see that must be what you like
I loved you more than anything
I tried to build the future turn a house into a home
I wanted us to be one flesh and one bone
It's so hard to keep my sanity
Now all I can do is sit back and reminisce
Look at the pictures in the frames yo
Why you playin' games yo
I loved you more than anything
I tried to build the future turn a house into a home
I wanted us to be one flesh and one bone
It's so hard to keep my sanity
Now all I can do is sit back and reminisce
Look at the pictures in the frames yo
Why you playin' games yo
I loved you more than anything
I tried to build the future turn a house into a home
I wanted us to be one flesh and one bone
It's so hard to keep my sanity
Now all I can do is sit back and reminisce
Look at the pictures in the frames yo
Why you playin' games yo
