Yesterday's Rain

Emi Meyer

Somebody told you that my broken heart started mending
I'm getting by, but the truth is that I'm still standing
Knee deep in yesterday's rain
Well I ain't high and dry, I ain't got a big boat
But I got a new umbrella and an overcoat
And if the good Lord's willin' and the sun breaks through
That'll be one more day, that I made it without you
That I made it without you
I don't care what the future holds
An' I don't care about what you've been told
Don't wanna hear what the weatherman has to say
'Cause I'm standin' knee deep in yesterday's rain

All those fools go rushin', they don't hesitate
And the lonely go lookin' but the losers wait
And I'm thinkin', somewhere in the middle there's a love that's true
But I ain't found one yet, and I ain't got you
No I ain't got you, baby
I don't care what the future holds
An' I don't care about what you've been told
Don't wanna hear what the weatherman has to say
'Cause I'm standin' knee deep in yesterday's rain
Yesterday's rain, yesterday's rain, yesterday's rain
Somebody told you that my broken heart started mending
