

Nothing Ever Changes (Remastered)

Stevie Nicks

If it's me that's driving you to this madness
Then there's one thing that I'd like to say
Take a look at your life and your lovers
Nothing ever changes Oh it was just the first time
That I ever played for you
I could be the dancer of your dreams I can turn all your music on
I can make you feel alive
I am gone but I'm never gone from you
It was just the first time Come back little boy
Baby come back yeah little boy Oh it's just me that lies waiting
Well it could come from anywhere
Oh it could come straight straight from my heart
Nothing can be saved here I can turn all your music on
I can make you feel alive
I am gone but I'm never gone from you
It was just the first time Come back little boy
Baby come back yeah little boy Nothing ever changes you know it doesn't
Nothing ever changes oh you know it doesn't
Nothing ever changes you know it doesn't
Nothing ever changes
