

# Money Party

Kat Dahlia

Hi Hi oh  
Hi Hi Hi Oh Oh Oh  
Hi Hi Hi Oh  
Hi Hi  
Yeah we on the rooftop  
Party everyday  
Red stripe, tube socks  
That's my man Jose  
And he smoke the mota  
I told him pass it this a way  
He got a girl he knocked up  
She don't let him come out and play  
We got the beans, got the leans for the things  
It's a good party, yeah  
We never sleep, we just run from the dream  
it's a good party yeah yeah yeah  
What goes to clouds one life we got  
Quit caving in, we are bound to drop  
Put the worries down, drop it like it's hot  
Show me the money, money, money,  
Wanna party party party  
Three shots in, not one regret  
Looking out my one, till it fills again  
Got a cutie in my face asking have we met?  
I got the money, money, money  
Wanna party, party, party  
Zoned out head knocks,  
Looking like it to break.  
Boombox spittin' Tupac  
He was so damn sexy.  
I wish I had his number  
'Cause all these dudes are the same  
They sniffin' out for the tuna  
They want that fish fillet  
We got the beans, got the leans for the things  
It's a good party, yeah  
We never sleep, we just run from the dream  
it's a good party yeah yeah yeah

What goes to clouds one life we got  
Roof caving in, we are bound to drop  
Put the worries down, drop it like it's hot  
Show me the money, money, money,  
Wanna party party party  
Three shots in, not one regret  
Looking out my one, till it fills again  
Got a cutie in my face asking have we met?  
I got the money, money, money  
Wanna party, party, party  
Little green dragons I just took a shot of acid  
With baby by the pool, Dammit that should really happen  
I can't take it,  
Think my face just failed  
My body just got on a plane  
???Leslie took my name  
And I'm try to get it back,  
But can't remember wasn't thinking  
Party's in the corner tryna hit on Kirko Bangz  
And Bobby's telling me that when music hits you feel no  
pain

What goes to clouds one life we got  
Roof caving in, we are bound to drop  
Put the worries down, drop it like it's hot  
Show me the money, money, money,  
Wanna party party party  
Three shots in, not one regret  
Looking out my one, till it fills again  
Got a cutie in my face asking have we met?  
I got the money, money, money  
Wanna party, party, party  
Get a ??? wop wop wop????  
Party Party Party  
Keeping on reaiin????  
Scita wopedop op  
I got the, I got the, I got the money  
Isketebakatashita????
