headed for whatever i feel eyes followin me

when i get up on the stage git me git me on my knee shake it until its game bartender pour me a drink just watch

how i do my thing and cant nobody tell me

body rockin to the beat bass is all i hear, players comin up to me whisperin in my ear

but i dont even care haters haters gonna stare

i got so much confidence if it was possible I'd share.

Shakin like a earthquake (x2) YEAH

Shakin like a shakin like a shakin like a earthquake

Shake it like a earthquake (x2)

Im a take ya to the floor floor floor

im a give ya more more more

Im a take ya to the floor floor floor

im a give ya more more more

Ooh the way I rock it ya think i was a rocket

cause in 3,2,1 im takin off dont try to stop it

I can do it with no hands, cuff your man cause here i go.

I only came to dance so I dont need the drama

I aint been to the club in a minute but when i hit the floor everybody gonna feel it.

Shakin like a earthquake (x2) YEAH

Shakin like a shakin like a shakin like a earthquake

Shake it like a earthquake (x2)

im a give ya more more more
