

# Glory of Love

## Big Bill Broonzy

Give a little, take a little  
Let your poor heart bleed baby little bird baby  
That's the glory of love Cry a little, sigh a little  
Let your cry broke down baby little bird baby  
That's the glory of love Long as there's the two of us  
Have the world and it's charm  
Long as there's the two of us  
Hold each other's arm Baby now win just a little, lose a little  
Sometime had the blues baby little but baby  
That's the glory of love Long as there's the two of us  
Have the world and it's charm  
Long as there's the two of us  
Hold each other's arm Baby now win just a little, lose a little  
Sometime had the blues baby little but baby  
That's the glory of love
