

# Silkskin

## Endanger

s passion starts  
forgotten hearts  
return to light  
through peaceful moments  
they're getting strong  
there's no more pain - no more painRef.:  
Silkskin, I'm losing my sleep  
Silkskin, I cannot live without you  
Silkskin, I'm losing my sleep  
Silkskin, I cannot ignore youWhen passion dies  
love gets paralysed  
the haze grows thick  
misery  
affixed to me  
the moment will come for you  
to burn in hellRef.:  
It all ends where it begins  
dust to dust  
it's time to cleanse the world  
Silkskin,
