

Violated (Demo Version)

Mechanical Cabaret

I've been cut open wide
now there's nothing inside
Its all there spread on the floor
In front of my eyes for everyone to despise
Well, HOW could I ask for more? Don't you dare try to touch me.
How do you think I feel?
I'm going to do to you what you've done to me
But it will be twice as real. Chorus:
Violate
Infiltrate
Subjugate
I'll Violate you
Now I'm turned inside out
I don't care about who you tell
You see, I've nothing to lose
And I know what to do to people like you...
