

# Revolution Radio

## Green Day

Scream, with your hands up in the sky  
Like you want to testify  
For the life that's been deleted  
Sing, like a rebel's lullaby  
Under the stars and stripes  
For the lost souls that were cheated  
We will be seen but not be heard We are revolution radio  
Operation 'no control'  
And the headline 'my love's bullet proof'  
Give me cherry bombs and gasoline  
Debutantes in surgery  
And the headline 'legalize the truth' Give me rage, like there's teargas in the crowd  
Do you wanna live out loud?  
But the air is barely breathing  
Rise, of the slums to the obsolete  
The dawn of the new airwaves for the anti-social media We are revolution radio  
Operation 'no control'  
And the headline 'my love's bullet proof'  
Give me cherry bombs and gasoline  
Debutantes in surgery  
And the headline 'legalize the truth' We will be seen but not be heard  
We are the songs of the disturbed We are revolution radio  
Operation 'no control'  
And the headline 'my love's bullet proof'  
Give me cherry bombs and gasoline  
Debutantes in surgery  
And the headline 'legalize the truth'
