

# Red Light

## Greenslade

It's really no use your crying those crocodile tears  
Don't make lying a game that you can win  
You're bound to lose again When I first found out that you'd cheated I felt like finding out  
And messing up the one who was to blame  
But he was just a name I saw the red light in your window  
Read your alias on the door You've been a really bad girl babe the way that you've been putting it about  
You've been a really naughty little girl but I can't bring myself to put you out  
I've seen the teeth marks and the capital gains  
Who gives a damn here's my share, take my heart and keep the change I've seen the bracelet and the diary of  
names  
Who gives a damn here's my share, take my heart and keep the  
Change if you can do without the things I can't get you  
Mink coats, diamond rings and cash for you to burn  
The kind of stuff you earn  
Fact is woman I'm in love with you  
A paradox, I'm hooked on a hooker but I'm quite prepared to pay  
As long as you will stay  
Saw the red light in your window  
Read your alias on the door
