boys On Film

Freezepop

i have a certain friend
a chic photographer
she's a bad influence
and made me pose for herboys on film- a bright smile
boys on film- a coy pout
boys on film- eyeliner
boys on film- you're all decked outshe plied us with red wine
dressed us in sailor suits
i had to give in
i knew we looked so cuteboys on film- so saucy
boys on film- in tight pants
boys on film- a sly wink
boys on film- so take a chancephotos- up on the internet
photos- and now i can't forget
photos- blame it on violet
photos- but you have no regretsincriminating photos of you
it's not the kind of thing that you often do
sometimes you gotta get it off your chest
the camera has a way of bringing out your bestboys on film - i love you all
boys on film - up on my wall
boys on film - you're my sweethearts
boys on film - a work of art
boys on film - you love to tease
boys on film - oh would you please
boys on film - so devilish
boys on film - give me a kissnot just a pretty face
so call up all your friends
you know next time around
i'll be behind the lensboys on film- fancy clothes
boys on film- oh-so-chic
boys on film- strike a pose
boys on film- you're fantastiqueincriminating photos of you
it's not the kind of thing that you often do
sometimes you gotta get it off your chest
the camera has a way of bringing out your bestboys on film - i love you all
boys on film - up on my wall
boys on film - you're my sweethearts
boys on film - a work of art
boys on film - you love to tease

boys on film - oh would you please
boys on film - so devilish
boys on film - give me a kiss
boys on film- in fancy clothes
boys on film- you strike a pose
boys on film- you're oh-so-chic
boys on film- c'est fantastique
boys on film - you love to tease
boys on film - oh would you please
boys on film - so devilish
boys on film - give me a kiss
