

# boys On Film

## Freezepop

i have a certain friend  
a chic photographer  
she's a bad influence  
and made me pose for her boys on film- a bright smile  
boys on film- a coy pout  
boys on film- eyeliner  
boys on film- you're all decked out she plied us with red wine  
dressed us in sailor suits  
i had to give in  
i knew we looked so cute boys on film- so saucy  
boys on film- in tight pants  
boys on film- a sly wink  
boys on film- so take a chance photos- up on the internet  
photos- and now i can't forget  
photos- blame it on violet  
photos- but you have no regrets incriminating photos of you  
it's not the kind of thing that you often do  
sometimes you gotta get it off your chest  
the camera has a way of bringing out your best boys on film - i love you all  
boys on film - up on my wall  
boys on film - you're my sweethearts  
boys on film - a work of art  
boys on film - you love to tease  
boys on film - oh would you please  
boys on film - so devilish  
boys on film - give me a kiss not just a pretty face  
so call up all your friends  
you know next time around  
i'll be behind the lens boys on film- fancy clothes  
boys on film- oh-so-chic  
boys on film- strike a pose  
boys on film- you're fantastic incriminating photos of you  
it's not the kind of thing that you often do  
sometimes you gotta get it off your chest  
the camera has a way of bringing out your best boys on film - i love you all  
boys on film - up on my wall  
boys on film - you're my sweethearts  
boys on film - a work of art  
boys on film - you love to tease

boys on film - oh would you please  
boys on film - so devilish  
boys on film - give me a kiss  
boys on film- in fancy clothes  
boys on film- you strike a pose  
boys on film- you're oh-so-chic  
boys on film- c'est fantastique  
boys on film - you love to tease  
boys on film - oh would you please  
boys on film - so devilish  
boys on film - give me a kiss
