Action

Saint Etienne

Have you ever been
To a harvester before?Drift along
Drift along
Gonna find them
Drift along
Gonna find themDrift along
Drift along
Drift alongNeed to make it special
Need to make it new
Looking for the action
Something more to doUnderneath the pavement
Towers in the clouds
Gotta find the action
Need it soon, right nowDrift along
Drift along
Drift along'Cause I've been searching for
All the people I used to turn to and
All the people who knew the answer
Let's get the feeling again'Cause I've been searching for
All the people I used to turn to and
All the people who knew the answer
Let's get the feeling againBack in sweet suburbia
Middle of the road
Looking for the action
Everywhere I goNeed to make it special
Need to make it new
Looking for the action
Something more to doDrift along
Drift along
Drift along'Cause I've been searching for
All the people I used to turn to and
All the people who knew the answer
Let's get the feeling again'Cause I've been searching for
All the people I used to turn to and
All the people who knew the answer
Let's get the feeling again'Cause I've been searching for
All the people I used to turn to and
All the people who knew the answer
Let's get the feeling again'Cause I've been searching for

All the people I used to turn to and
All the people who knew the answer
Let's get the feeling again
