

# Black and Gold

Sam Sparro

If the fish swam out of the ocean  
And grew legs and they started walking  
And the apes climbed down from the trees  
And grew tall and they started talking And the stars fell out of the sky  
And the tears rolled into the ocean  
And now I'm looking for a reason why  
You even set my world into motion 'Cause if you're not really here  
Then the stars don't even matter  
Now I'm filled to the top with fear  
That it's all just a bunch of matter 'Cause if you're not really here  
Then I don't want to be either  
I wanna be next to you  
Black and gold, black and gold, black and gold I look up into the night sky  
And see a thousand eyes staring back  
And all around these golden beacons  
I see nothing but black I feel a weight of something beyond them  
I don't see what I can feel  
If vision is the only validation  
Then most of my life isn't real 'Cause if you're not really here  
Then the stars don't even matter  
Now I'm filled to the top with fear  
But it's all just a bunch of matter 'Cause if you're not really here  
Then I don't want to be either  
I wanna be next to you  
Black and gold, black and gold, black and gold  
I wanna be next to you  
Black and gold, black and gold, black and gold Black and gold, black and gold, black and gold  
Black and gold, black and gold, black and gold  
Black and gold 'Cause if you're not really here  
Then the stars don't even matter  
Now I'm filled to the top with fear  
But it's all just a bunch of matter 'Cause if you're not really here  
Then I don't want to be either  
I wanna be next to you  
Black and gold, black and gold, black and gold Black and gold, black and gold, black and gold  
Black and gold, black and gold, black and gold  
Black and gold, black and gold
