

# City Love

## Kyven

I never liked this apple much  
It always seemed too big to touch  
I can't remember how I found  
My way before she came around  
I tell everyone I smile just because  
I've got a city love  
I found it in Lydia  
And I can't remember life before her name  
She keeps a toothbrush at my place  
As if I had the extra space  
She steals my clothes to wear to work  
I know, her hairs are on my shirts  
I tell everyone I smile just because  
I've got a city love  
I found it in Lydia  
And I can't remember life before  
The day she called up and came to me  
Covered in rain and dinnertime shadowing  
And as her clothes spun, we spooned  
And I knew I was through when I said, "I love you"  
Friday evening, we've been drinking  
2 A.M. I swear I might propose  
But we close the tab, split a cab  
Call each other up when we get home  
Falling asleep to the sound of sirens  
I've got a city love  
I found it in Lydia  
From the battery to the gallery  
It's the kind of thing you only see  
In scented, glossy magazines  
And I can't remember life before her name
