

Just Say The Word

[Josh Kelley](#)

Holdin' on
To your pictures on my telephone
And I know that I should let you go
But it's hard to break away I ask around
And I wonder what you're doing now
But I hear that you been going out a little more these days But I can't lie
That I think from time to time how you're doing
Well don't hang up, 'cause what I really meant to say [Chorus]
When everything's wrong and nothings going right
Just know that I'm not hard to find,
So just say the word and I'll race through the night
And I'll be right there by your side
(Holdin' on) Remember when,
We were further than you've ever been
And I think about it now and then
And it takes me to that place When I pretend
That I'm better than I've ever been
Well at least that's what I tell my friends
Cause I can't show my face Well I can't lie
That I think from time to time how you're doing
Don't hang up 'cause what I really meant to say [Chorus] It's hard enough
To believe in something
More than just pretend
Just because we both know it's over
We can still be friends
Yeah [Chorus] I can be right there by your side
Oh
I can be right there by your side
Just say the word and I'll race through the night
