

# Love Like Fire (feat. Billy Idol)

## Generation X

Well I met her downtown  
I think we'd spoken  
I think we'd spoken once before  
The sound was loud  
I said yeah, I said yeah give me more  
And something deep inside  
Started engines of desire  
And y'know there ain't a chance  
Of stopping love,  
Love like fire,  
Love like fire She was great so great to be with  
I felt so good when she was there  
My time was coming at me  
And I swore I'd never care  
And I thought there ain't nothing else  
All the poets here are liars  
When you're chasing something real  
You get burnt by  
Love like fire,  
Love like fire I thought she likes the rest  
And I know I'm in control  
I can take it or I can leave it  
You can forget that lovers role  
The world you thought you knew  
Gets strangled by the wire  
And you crash while running blind  
Destroyed by love,  
Love like fire,  
Love like fire,  
Love like fire
