Cakewalk On Easy Street (Radio Edit)

Spock's Beard

Wednesday
It's suppository time again
Ain't it grand?
Friday
I get my leg back on again
I'll get to stand"cause it's a cakewalk on easy street
It's a new kind of day
It's a good time
The best you ever had
It's the new-fangled wayAir-raid
Sirens in the night again
Not far away
I'm failing
At everything I try to win
But that's O.K."cause it's a cakewalk on easy street
It's a new kind of day
It's a cakewalk on easy streetI have nothing bad to say
'Cept all my friends have gone away
Half of me is plastic and wood
But at least I've got my arms - that's good"cause it's a cake walk on easy street
It's a new kind of day
It's a good time
The best you ever had
It's the new-fangled way
It's a cakewalk on easy street
