

Watch Me

Jaden Smith

(Watch me

Watch me

Watch me

Do this) x2

Can't find me up up and away

I give a fuck bout your wave

My nigga i surf everyday

Drownin' my soul in the basement

Ay

I ain't got much in the bank

I got a lot I could say

got a buga" - dont know

I hope you forgive my mistakes

Yeah, ride around with a renegade

You should take a seat, save your energy

I try to heal the gods with a band-aid

And the time i need you call your enemies

And let it into bizza(??)

And I need a visa

I ain't playin with you

This ain't no mamamia

Need a Hottie Tottie with a body

Yeah

I just spit the knowledge then i'm out of here

Yeaahhh (thats what they are when they come around)

Yeaahhh (this is the town and we run it now)

Yeaahhh (how big is your army a hundred thous[and])

Yeaahhh (if you want the rain then we comin down)

the cool (don't understand)

Im awesome, kickflip in the (consious?)

We should run for the pool

I got the fire flow, the department exhausted

I owe nothing to you

I'm in the tahoe, man you making me nauseous

Pullin up with the crew

You such a hypebeast, man you making me vomit

Look

(Watch me

Watch me

Watch me
Do this)
Its always been more than the music
You the back of my cruise ship
Look
(Watch me
Watch me
Watch me

Since 2012 ive been the coolest
If you do not get it my nigga you foolish
Yeaahhh (thats what they are when they come around)
Yeaahhh (this is the town and we run it now)
Yeaahhh (how big is your army a hundred thous[and])
Yeaahhh (if you want the rain then we comin down)
Look

You got the heat I was not aware
We be be? out in rodterdam??
Got a new man, damn now i see him
He on the floor, i'm on coliseum
I hope to god he don't sign a prenup
See my ex on the street like I never seen her!
(Watch me
Watch me
Watch me
Do this)
You see me dancing like im elvis
Just tell your man that it's all in the pelvis
(Watch me
Watch me
Watch me
Do this)
Since 2012 ive been the coolest
If you do not get it my nigga you foolish
Yeaahhh (thats what they are when they come around)
Yeaahhh (this is the town and we run it now)
Yeaahhh (how big is your army a hundred thous[and])
Yeaahhh (if you want the rain then we comin down)
