Donâ€™t Fall In Love With a Girl Like That

The Boxcars

Now Don?t fall in love with a Girl like that
her heart is in shackles and chains
you?ll search for the key but you won?t find where it?s at
her kind of love will drive you insane

She told you he was gone forever
That she wanted someone like you all the while
and it was easy for you to believe her
she removed all the doubt with a wink and a smile

Now Don?t fall in love with a Girl like that
her heart is in shackles and chains
you?ll search for the key but you won?t find where it?s at
her kind of love will drive you insane

Break

It took flowers and diamonds to charm her
But money can?t buy a place in her heart
so before you pay the knight in shining armor
just know that your not the first to be torn apart

Now Don?t fall in love with a Girl like that
her heart is in shackles and chains
you?ll search for the key but you won?t find where it?s at
her kind of love will drive you insane
Half Break
you?ll search for the key but won?t you find where it?s
her kind of love will drive you insane
