

Final Kick

Tall Boys

I am just looking for a way to set the world on fire
I am just looking for a way to set the world on fire
I am just looking for a way to set the world on fire

Get yourself a shot gun put it against your head
Think about all the things that you could do before you're dead
How many times have you been told you that you couldn't get higher
How many times have you been told you that you couldn't get higher

I am just looking for a way to set the world on fire
I am just looking for a way to set the world on
Find a tall building run stairs right to the top
Step up the edge right follow way down as you drop

I am just looking for a way to set the world on fire
(I am just looking for a way to set the world on fire)

I am just looking for a way to set the world on fire
I am just looking for a way to set the world on fire
How many times have you been told that you couldn't get higher
How many times have you been told that you couldn't get HIGHER

I am just looking for a way to set the world on fire
