

Altering the Beast

Sinister

Massive attack consume the soul
Seperated by a dark conspiracy
Who is to trust
If the intention is fake?
Gathered heren damnationAltering
Altering the beast
Altered is damnationMasquerade of desolation
Supported by the foolish pride
Lying now in defecation
A devils rideAltering the beastMassive attack consume the soul
Seperated by a dark conspiracy
Who is to trust
If the intention is fake?
Gathered heren damnationAltering
Altering the beast
Altered is damnationMasquerade of desolation
Supported by the foolish pride
Lying now in defecation
A devils rideRedeemed by the vision of others
Tragic mortal thoughts
Lost your redemption
Covenant of lies signed
With the blood of my saviorTrapped by the vision of many
Tragic moral deeds
Lost your redemption
Covenant of lies signed
With the blood of my saviorTrapped by the vision of many
Tragic moral deeds
Covenant of death
Signed with my blood
Gathered here in damnationAltering the beast
