Conflict

Aaron Watson

Out with the old.
In with the new.
That's what they say,
Those who don't have a clue.
You're fighting this rain.
And then you're willing to shine.
You can't help yourself.
But i know you are trying.When your heart and your head disagree
Then I'll bet if you made them unite
There would be such a fight
Over what they should do
With the problem in you
Now, to how to resolve this conflictStill chasing a dream
You're facing the facts
The weight of "the real"
No more regrets
And no looking back
The problem too big,
The tower too high
"Yes" says the heart
But "No" says the mindWhen your heart and your head disagree
Then I'll bet if you made them unite
There would be such a fight
Over what they should do
With the problem in you
Now, to how to resolve this conflictI wish this were the part
Where I could give you all the answers
But the fight continues on
And the fact of the matter
Is I'm convinced that we have spent
Far too much time on the fence
Choosing sides
Which is right?When your heart and your head disagree
Then I'll bet if you made them unite
There would be such a fight
Over what they should do
With the problem in you
Now to how to resolve this conflict
Don't know how to resolve this conflict

Tell me how to resolve this conflict
