

Oil of God

Vanessa Bell Armstrong

The Oil of God has anointed me to maximize in the call that I receive there's no way that I can make it I'll be torn apart without the oil of God. He has anointed me to reach the lives of men to teach words of wisdom to fulfill his holy plan it is in his divine order to love with all my heart and to respect the oil of God.

The oil destroys the yolk that keeps the people bound it is that special gift in him it can be found I have cried so many days that God would change my heart I will cherish the oil of God.

Go tell cancer (You can't hold me)
Tell all your trials (You can't hold me)
Generational curses (You can't hold me)
AIDS and Diabetes (You can't hold me)
By his stripes we are healed sin and sickness must depart if you recognize the oil of God

Go tell cancer (You can't hold me)
Tell all your trials (You can't hold me)
Generational curses (You can't hold me)
AIDS and Diabetes (You can't hold me)
By his stripes we are healed sin and sickness must depart

When you recognize the oil of God (6x's)
