

The Truth

Jonathan Clark

You don't know me but, I don't know me too
You wanna hold me but, I won't feel you

Far too close to the pain, to let it go
I wanna reach out, but I'm too far in the hole

Stay with me... It's just me
I really need someone tonight to help me see
The truth... I need to hear it from you

Underneath me, try to find my way
Don't believe me when I say I'm okay

Somewhere out here alone, I might be free
But it's all I can do, to just believe

Stay with me... It's just me
I really need a friend tonight to help me see
The truth... I need to hear it from you

Somewhere out here alone I might be free
But it's all I can do to just believe

Stay with me... It's only me
I really need someone tonight to help me see
The truth... I need to hear it from you
I need to hear it from you
