

# Cry Myself To Sleep

## Del Shannon

The parties over everybody go home,  
I'm sorry I'd like to be alone,  
Cos every time I see her I have to weep  
I'm gonna cry myself to sleep  
Threw this party they about to come back  
All she wants to do is see me cry  
Cos every time I see her I have to weep  
I'm gonna cry myself to sleep  
Cry y-y-y-y-y  
Cry y-y-y-y-y  
Did you notice how she danced with every guy but me  
She loves to me in misery  
I used to be her little buttercup  
But now she comes around to break me up

The parties over everybody go home,  
I'm sorry I'd like to be alone,  
Cos every time I see her I have to weep  
I'm gonna cry myself to sleep  
Cry y-y-y-y-y  
Cry y-y-y-y-y  
Did you notice how she danced with every guy but me  
She loves to me in misery  
I used to be her little buttercup  
But now she comes around to break me up  
The parties over everybody go home,  
I'm sorry 'Id like to be alone,  
C'os every time I see her I have to weep  
I'm gonna cry myself to sleep
